# ABOUT ERI

Eri Neeman is committed to the art of connection and communication.

Authenticity and speaking from the heart every time he engages an audience on stage or online is something he consistently strives to develop through his fifteen years as a professional host. He loves to make people laugh.

His favorite laugh is his wife's.

Eri was featured as the number one wedding host in the Philippines and the wedding industry's finest achievers under 30. He has over a decade of experience combined as an entertainer in show business, television, stand up comedy, improv, radio, streaming, and content creation.

He has hosted worldwide, connected with crowds around the globe, and performed in a wide variety of venues, from entertaining small audiences in Tomato Kick Katipunan for open mic nights to lighting up 30,000 fans for esports at the Commerzbank Arena in Frankfurt, Germany.

A person devoted to communicating truthfully and encouraging the truth of others. An advocate of laughter. A student of human interaction. A proud father and family man.

And most importantly, a husband who adores his wife.
